

PERSONAL INFORMATION

Ilaria Pellegrini

WORK EXPERIENCE

01/02/2023 ongoing

Medical Oncologist (Sarcoma Unit)

Istituto Nazionale Dei Tumori, Milan (Italy) - Tumori mesenchimali dell'adulto – OM2

Experience in the sarcoma field (with a specific focus in soft tissue sarcomas and ultra rare sarcomas) taking part in the multidisciplinary board and visits, research projects and regular outward clinics.

20/01/2020–28/12/2022

Medical Oncology Resident

Istituto Nazionale Dei Tumori, Milan (Italy)

Gained experience in breast, genitourinary and head and neck tumours by doing outward clinics, joining multidisciplinary board, following research projects in each of the above-mentioned fields.

Proved experience in the sarcoma field by working full-time for the last 2 years of my training with inward and outward sarcoma patients with a specific interest in soft tissue sarcomas and desmoid tumours.

I conducted a retrospective case-series analysis on intra-abdominal desmoid tumours comparing different types of systemic therapies normally used to treat this rare disease.

I'm taking part on a project on breast angiosarcomas aiming to write an updated national consensus.

06/2022-12/2022

EURACAN Fellowship

The Netherland Cancer Institute, Amsterdam (The Netherlands)

I worked within the sarcoma and Adolescents and Young Adults research group finalising a paper on fear of cancer recurrence in sarcoma survivors.

I actively participated to surgeons and oncologist outward clinics to understand the differences both organisational and clinic between The Netherlands and Italy.

I followed once a week the sarcoma multidisciplinary board.

29/12/2017–29/12/2019

Medical Oncology Resident

Policlinico Santa Maria alle Scotte, Siena (Italy)

Spent 6 months in the Internal Medicine department learning to deal with the elderly and the most common cardiological and metabolic diseases.

Worked as inward doctor for the remaining 18 months in the oncological ward, dealing mostly with side effects of cancer treatments and complications of advanced diseases. Moreover, I collaborated with palliative care doctors learning the decision process of a proper pain-control regimen.

03/2016–10/2016

Medical Laboratory Assistant

Nanomedicine Laboratory Department of Biomedical and Clinical Science Luigi Sacco, Milano (Italy)

Collaborated to an in-vivo project on a metronomic formulation of nanocaged doxorubicin to prevent drug resistance and circumvent cardiotoxicity in breast cancer.

Gained experience on preparation of orthotopic 4T1 model, tumor cell injection, tumor imaging, targeting and biodistribution, plasma half-life and drug accumulation at the tumour.

EDUCATION AND TRAINING

05-06/2024 **Corso di perfezionamento in metodologia ed etica della sperimentazione clinica**

© European Union, 2002-2020 | <http://europass.cedefop.europa.eu>

Page 1 / 3

Curriculum vitae

(Master in clinical research ethics and methodology)

Università Degli Studi, Milan (Italy)

11/01/2023 Certified Board Medical Oncologist (70/70 summa cum laude)

Università Degli Studi, Milan (Italy)

02/2017 Italian Examination of Qualification to Practice Medicine

Università Degli Studi, Milan (Italy)

24/10/2016 M.D. (110/110 summa cum laude)

Università Degli Studi, Milan (Italy)

02/2014–07/2014 Visiting Scholar through the Erasmus Exchange Program

Nicolò Copernico University - Collegium Medicum Bydgoszcz, Bydgoszcz (Poland)

PERSONAL SKILLS

Mother tongue(s) Italian

Foreign language(s)

English

UNDERSTANDING		SPEAKING		WRITING
Listening	Reading	Spoken interaction	Spoken production	
C1	C2	C1	C1	C1

Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user
Common European Framework of Reference for Languages - Self-assessment grid

Communication skills Good contact skills with foreigners people gained during my Erasmus Exchange Program in Poland, my English Language course in South Africa and my observer ship in The Netherlands.

Organisational / managerial skills Good organisational skills gained as children education volunteer

ADDITIONAL INFORMATION

Certifications During Investigator Meetings attended, I received training on GCP (4 March 2020).
09/10/2023 BLSD course
23-24/10/2023 ALS course

Courses 1 month English Course in August 2011 at LAL school in Cape Town (South Africa)

Courses Adults and Pediatric BLSD 2017

Courses ESMO Breast Cancer Virtual Meeting 2020

Courses 3 modules course + 2 days meeting on chronic pain management 2021

Courses Esmo preceptorship on Molecular Cancer Biology for practising oncologist
and cancer treatment de-escalation 2021

Courses Decidere in Oncologia: uso dell'analisi decisionale in: melanoma, sarcomi e
GIST, tumori della testa e del collo. Soft skill per la decisione clinica
collaborativa 2023

Courses SMDM Core Corse Curriculum in Medical Decision Making (April 2024)
